Will you find the workshops relevant to your daily work?					1		2	14	1	3	2
Was your previous learning experience sufficiently taken into account during the course?					1	1	3	9	3	4	2
Was the level of the course been too elementary or too advanced? (1 = too elementary, 9 = too advanced)					6	3	6	3	1	1	4
How do you evaluate the content of the course program? (1= too narrow, 10= too broad)				2	4	2	5	7			2
How do you evaluate the teaching methods in the course? (1= not relevant, 9= very relevant)						1	5	5	5	5	2

Please comment on what you liked in the course – what you thought were the strengths and advantages of the course:

- + Content of the course
- + International and global dimension
- + English language improvement
- + Exposure to university staff and experts of international reputation
- + Erasmus+ funding
- + Presenting to an audience
- + Lectures on Leadership - The approach on teaching Biostatistics – Person Centred Care
- + Improving on soft skills
- + Teaching methods which are useful with Public Health

- + “University is excellent”
- + “Thank you for excellent organisation, interesting lessons, interactive lectures and kind relation to foreign students.”
- + “UCD in my heart”
- + “The programme was brilliant! Thank you for your work and organisation of the programme”
- + “Valerie you are our fairy!”
- + “All good!”

Please comment on areas or improvement you thought the course may have and how to improve on them?

- + Introduction of more advanced programme to cover PhD in Public Health
- + Hospital visit would have been a plus
- + More practice oriented
- + Less international dimension
- + Access to library
- + Content too broad
- + “I’d like to give comment for future accommodation. It was hard, but sometimes funny to live with four persons in one small room Probably on the future you will have ability to improve accommodation. But it not so important! We had a wonderful time in Dublin. Amanda, Mary and Valerie, you are amazing. We really love you”
- + “Thank you”
- + “The Weather ☺”
